- Arranged merchandise displays strategically to boost sales opportunities.
- Maintained a clean and organized store environment to enhance customer satisfaction.

PROJECTS

Personal Portfolio Website. I developed a personal portfolio website to showcase my upcoming projects, utilizing HTML and fundamental CSS styling. Additionally, I integrated JavaScript functionalities to enable the Contact Me feature, allowing visitors to send messages directly. Furthermore, I incorporated a section on the website where visitors can easily download my resume and effortlessly access my social media profiles simply by clicking on the respective icons of their choice. I used GitHub Pages to broadcast my website for the public to access using the link provided by GitHub. ([Link to the Website](#))
